Philip has over 30 years of experience in the payroll audit field and is regarded as an industry expert. As Director of Payroll and Compliance Audits, Philip oversees the payroll auditing staff during the performance of fieldwork and preparation of audit and compliance reports. Since joining the Firm in 2002, he has been responsible for the quality control and technical review of payroll audits, as well as client support and attendance at Board of Trustees meetings.

A technical professional with in-depth expertise, Philip has designed and coordinated payroll audit programs for various local, national, and international multiemployer funds. His experience encompasses payroll audits in a broad range of sectors, including the service industry, construction and building trades, and 401(k) Funds, for which he developed audit programs and reports to meet the unique needs of each type of fund. Philip has been called to testify as an expert witness in payroll auditing matters, has been a speaker at the International Foundation of Employee Benefit Funds on the topic of payroll audits and is the co-author of *Payroll Auditing: A Guide for Multiemployer Funds*.
